BAPTIST CHURCH DEDICATED.

Presented to the Newly-Organized Church by Mayer Hillard—Dr. E. T. Speed Dead.
[Correspondence of the Richmond Dispatch.]
SCOTLAND Ng.CR., N. C., July 27.—Yesterday the new Bartist church at Hobgood was dedicated. The sermon was preached by Rev. G. J. Dowell, of Williamston, and the services were conducted by Rev. J. D. Hufham, D. D., of Scotland Neck. A church was at once organized consisting mainly of members from the church of this place. The house of worship was then presented to the newly-organized church by E. E. Hilliard, of Scotland Neck. It was presented in the name of the Tar-River Association free of debts and all incumbrances whatever.

MEMORIAL CHAPEL This church was built in commemoration of the lives of John Watson, of Warrenton, and R. B. Saulsbury, of Hamilton, who were active and influential members of the association. It is called the Watson-Saulsbury Memorial chapel. It is the first church built in the new town, largely by Noah Biggs, Esq., of Scotland Neck.

DIED SUDDENLY. News was received here yesterday that Dr. E. T. Speed died suddenly yesterday morning at his home in Edgecombe county. He was reared in Scotland Neck, and his remains will be brought here for interment to-day. He was young and promising, being the best surgeon of his age, perhaps, in this region. The whole town was greatly shocked at the report of his death, and the entire community is deeply grieved at the loss.

The heaviest downpour of rain for the summer fell here yesterday afternoon. It lasted for more than an hour and farmwork is entirely suspended.

cation of Details Unconstitutional. (By telegraph to the Dispatch.)

Rew York, July 27.—In the Court of General Sessions to-day, before Recorder Smith, Charles O'Connor Hennessey was called to the bar to plead to the indictment charging him with misdemeanor. The alleged offence was his publication in the Evening Nevs, of which he is editor, of the details of the execution of Slocum and the other murderers recently put to death by electricity at Sing Sing. His counsel handed up a demurrer to the indictment, which the Court allowed to be entered. The Recorder will notify counsel for the defendant when he will be prepared to hear argument on the demurrer, in which it is claimed that the statute under which the indictment was found is unconstitutional, inasmuch as it restrains the liberty of the press guaranteed to it by the Constitution.

success as in the other stocks mentioned.

THE SHORT INTEREST is now reckoned as high as 100,000 shares. THE WEARNESS OF EICHMOND TERMINAL.

THE WEAENESS OF RICHMOND TERMINAL.

These drives, however, are greatly helped by the weakness in the Richmond and West Point securities. The common stock of the Richmond and West Point Company and the Lead Trust, which will now reorganize, were the only really weak spots in to-day's market, while the only really strong point was sugar, which scored an extreme gain of 1½ per cent. The bearish feeling grew stronger toward the close, however, when more realizing was done and the downward movement, which had made but slight progress after the first half hour, was resumed and further material losses were sustained over the entire list. Lackawanna, becoming a feature, dropped losses were sustained over the entire list.

Lackawanna, becoming a feature, dropped suddenly over I per cent., while the weak stocks of the forenoon reached the lowest prices of the day. The decision in the Omaha-bridge cases against the Union Pacific and in favor of Rock Island had little or no effect upon either the Union or the Missouri Pacific, and the other Gould shares were well held throughout the day. Chicago gas was also pressed for sale in the afternoon and scored one of the heaviest declines of the day. Several specialties made marked declines, among which the cotton-oil shares were prominent.

THE ACTIVE BUT WEAK.

The market finally closed fairly active but heavy to weak at the lowest points of the day. The final changes are all losses with the single exception of sugar, and Chicago gas is off 1½, lead 1½, Tennessee coal 2. Richmond and West Point 1½. New York, July 27.—The stock market opens the new week this morning with an active business, for a parallel to which we must go back at least two months, but the animation was caused entirely by heavy pressure to sell, primarily by the bears, but undoubtedly considerable long stock was thrown over, especially in Richmond and West Point and Northern Pacific preferred, in which several stop orders were reached, and for which presumably the bears were gunning. CHICAGO.

The boom started very soon after the tap of the opening led, and it was still on when it tapped again at the close. First prices were the lowest of the day, and closing quotations were at or near the top figures of the session. Corn was reeponsible for starting the riot, and it led the procession and closed with a phenomenal advance. Except in corn the opening quotations were weak and lower, but when the shorts in the corn-pit began to climb upon each others shoulders in their frantic endeavors to get some of the hoe-cake cereal regardless of the price, the dealers in the other pits caught the infection and began rapidly to advance values. Wheat opened 3cc lower that it closed yesterday, being depressed by the enormous receipts—1.435 cars having been inspected where only 850 had been estimated—and by the beautiful harvest weather. This was very depresspressing, but cables coming in somewhat higher and corn making a sensational advance at the start, wheat quickly recovered and soon became strong, gradually developing into an active and excited condition. The demestic markets were all advancing, and the shorts here soon became wildly excited and covered freely. The result was that September, which opened at 88½c., sold up pretty steadily to 90½c. The market had very little to make it strong, except the strength in the other speculative pits. Cable were firm, but not greatly higher, while they receipts were simply enormous, and are expected to be correspondingly heavy to-morrow. Crop prospects were never better, the expert movement being unavaulty light and the buige and a shackening in the demand from shorts. The late cabies all came in strong and higher. Inverso or prospects, were never better, the expert movement being unavaulty light and the buige and a

e no higher, but the shorts were excited/rom start. September pork sold from \$11.45a \$50 off to \$11.55 and up to \$11.75, closing at 7.0. an advance over Saturiay's close of 5.0. "A precious one from us has gone.
A voice we loved is stilled:
A place is vacant in our home
Which never can be filled.
God in His wisdom has recalled
The oson his love has given;
And though the body s'umbers hers,
The soul is safe in Heaven.
